ILLEGAL PLAYER LICENSE ISSUING IN THE NAKAWA DIVISION UNDER THE NATIONAL DIVISION FOOTBALL ASSOCIATION

1 Abstract

There is an alarming rampancy of clubs issuing fake player licenses ,resulting to a series of complaints from several clubs,match fixing,match forfeiting .Currently in the National division football Association 75 percent of fake player licenses arise every season ,these issues remain painfully pending and unresolved.

2 Introduction

The national division football association (NDFA) is under FUFA in uganda ,CAF in africa and FIFA globally . This association is an initiative of Fufa to promote grassroots football ,use football as a symbol of unity throughout all regions in the country aswell as nuture young talents ,keeping track of promising young talents with great potential to reach great limits in football.This all is an effort to have a strong unit of fresh talents to blend into the National football team ,uganda cranes as time slips by .

whilst this beautiful endeavour sprouts ,it has picked keen interest of the public stakeholders and researchers to solve the puzzling mystery of fake player licensing by clubs.

This document describes the kind of data to be collected during research about this spreading disease at hand of clubs issuing fake licenses to players. It also includes sample data that was collected during research.
